

Specialized in Design and Manufacturing for components of Plastic/Rubber Injection and Extrusion Machines

Main Products:

- * **For plastic-forming machinery:** Screw Segments, screw spindles, twin screws, planetary screws, and barrels
- * **For extrusion-molding machinery:** Dies for blown film, dies for blow molding, and cylindrical surface-ground components
- * **For chemical engineering machinery:** Cam screws
- * **Other applications:** Surface-embossing rolls, roll conveyor screws (available for various rotation angles), cylindrical reciprocating spindles, and molds/dies
